

Level Switch

We are the supplier of Level Switches. Which will control the liquid levels in the tanks and vessels? We can supply various type of level switches such as side mounted, top mounted, cable type and many more. We are leading Level switch supplier in India.

We have established ourselves as leading name of Level Switch. These are made available from our side as per the set industry standards and at extremely affordable rates as well. These have a micro contact gap and operate at the specified movement and force using a snap-action mechanism. They are available in models with split contacts, maintained operation, drip-proof specifications, high capacity, and DC current specifications. We always deliver our products on-time.

Product Description

- Fast Switching Response 2 sec (0.8 sec and 1.5 sec available on demand)
- 1" screw mountings available
- High pressure 15 bar forks
- High Temperature up-to 250°C available
- Calibration-less operation
- Remote electronics with std 10 meters cable length
- Tropicalized & potted electronics module
- Threaded & Flanged Mountings
- Electronic Inserts support all requirements
- Ingress protection : IP 68/66 (as per IS-13947)
- Ex-proof (Ex d T6 IP-66 IIC) – Flameproof as per IS/IEC 60079-1:2007 – Weatherproof (IP-66) as per IS/IEC 60529:2001 – Suitable for Gas Group : IIC – Suitable for Zone 1 & 2 atmospheres
- Compact size

- Vibration complied as per IEC 60068 part 2-6
- 14. Low power consumption (0.5 to 0.7VA)

Features Of Level Switch :

- Specific movement
- Cable suspended
- Accurate sensing capability

Other Details:

- Ideal for Deep tank or Sump for low alarm
- Pressure : Vacuum to 40 Kg / cm²
- Two / Four displacers available for pump control
- Suitable for high temperature

Applications:

- Scientific laboratory
- Research centers
- Chemical industries

Technical Specifications:

- Ideal for Deep tank or Sump for low alarm
- Two displacers available for pump control
- Suitable for high temperature
- External cage on request
