

## Stereo Microscopes

UNITRON's stereo microscopes are an exceptional choice for industrial inspection, assembly, quality control, OEM integration, research and educational applications. Featuring outstanding optics, superb resolution, large fields of view and a high depth of focus, UNITRON's stereo microscopes allow for faster inspections and a more efficient work process. Ergonomically designed, UNITRON's Z10 Series Zoom Stereo Microscopes offer the best value in the market today.

### Z10 Series

Ideal for research applications, medical device manufacturers, and stereo fluorescence.
