

Company Profile

Globe Star Engineers (india) Pvt. Ltd. (AN **ISO 9001-2008 Certified Company**) having state of the art manufacturing unit in Odhav G.I.D.C. , Ahmedabad - Gujarat State - INDIA, manufacturing and exporting 'globeseal' brand Mechanical Shaft Seal, Dry Running Reverse Balance Seal, Water Pump Spare Parts, Seal Spares, Pump Spares & Rotary Joint for various industries since year 1998. We are manufacturers of Mechanical seal as per the International standard API 682, DN 24960 and **ISO 9001 – 2008**.

Our Product Range :

- Mechanical Seal for Chemical Process pump, Water Pumps, Agitators, Glass lined Reactors, Compressors and for all kind of Rotary Devise.
- Parts available of Silicone Carbide & Rubber, High Alumina Ceramic Product and Carbon graphite Product.
- Spares for Chemical Process Pumps.
- Equivalent range of complete Mechanical seals and spares for Kirloskar, KSB, Johnson, Akay, Alfa Laval, IDMC, Grundfos and CRI make of pumps.
- Equivalent range of complete Mechanical seals and spares for leading brands like John Crane, Burgmann, Flow Serve, Flexi box, Dura Metallic, AES etc.
- Design, Development and manufacture of Mechanical Seals according to customer's requirement.
- All kind of Rotary Joint
- Repairs and maintenance of any other make of mechanical seals.

Vision : our Vision is to Impact On Performance, Reliability and Efficiency of Current System Through Our Products and Solutions, Where We Add Value to Your Business.

Mission : Our Mission is to Reduce Total Operation Cost and Raise the Production Capacity Through Our Sealing and Rotary Devices.

Our Core Value :

- Quality
- Consistent
- Innovation
- Reliability
