It is a moment of pride and privilege for us as we release our 2<sup>nd</sup> edition of catalogue for the information & reference of all our valued clients and consumers.

Today B.M METERS PRIVATE LTD is recognized as one of the most leading and quality oriented manufactures of Forged Fittings, Forged Flanges, Water Meters and Flow Meters.

It's my pleasure and pride to state that I floated this company with Quality base foundation. At B.M Meters our highly skilled work force not only uses the latest, most promising technologies but they are also consistently encouraged to develop new products, experiment with new processes and think new ideas. Our marketing team is energized by the desire to reach the customer in the most interesting and novel ways. I deem B.M Meters is old in years but quite young in attitude. My good wishes and support have always & will continue to remain with all B&M team members.

I believe that the success of B.M Meters has only been possible because of team-work. However, I would like to take this opportunity to thank all our worthy dealers, customers, suppliers, business associates, bankers and most important our employees for their continued commitment and support. I wish them all the very best for the next years.....

An Institution is a lengthened personality of an individual.

Avinash Sharma  
President

It is my great pleasure to reach out to customers & prospective customers through the medium of our latest Catalogue.

At B.M Meters consistent quality and customer satisfaction is the prime motto. Our effort has always been to provide an excellent quality and cost effective products in all diverse fields to our valuable clients. My vision is to attain B&M as first choice in Indian as well as in global market by supplying excellent quality product and in time delivery. Our highly technical, dedicated workforce has helped us to achieve this and satisfy all the needs of our clients. Today, I would like to extend thanks all our to worthy team members, customers and consumers whose valuable suggestions encourage us to become better than what we are.

We are committed to provide World Class Forged Fittings & Forged Flanges at the most competitive cost by continuous upgrading our manufacturing infrastructure through latest technologies.

Nitin Sharma  
Director

We offer our B.M Products to our worthy National and International customers, I am pleased to assure that our unit is working with a mission which covers not only earning profit but also customer satisfaction by supplying the of best quality products at the most reasonable rates. I truly believe that we will positively be the recognized industry leader by providing unsurpassed customer service, quality products, innovative technology and business ideas. Our firm determination is to provide true worth to the customers to their entire satisfaction

I also believe that development and quality is like a circle which knows no end and this gives a strong base to my decision for upgrading our company's infrastructure.

Kushal Sharma  
Director

B.M METERS PRIVATE LTD is India's most leading and quality oriented company engaged in manufacturing and exporting of High Pressure Drop Forged Steel Pipe Fittings, Forged Flanges, Water Meters and Flow Meters. The company was incorporated in the year 1980 in the field of Water Meters under the brand name of '**KRANTI**' and has acquired an established reputation and goodwill in every corner of market for its sturdy construction, international quality and allround performance. After being successful in the segment of Water Meters company has diversified into Forged Steel Pipe Fittings and Forged Flanges in the year 1996 and frequently running well under able guidance and leadership of Mr. Avinash Sharma (President) along with his team of young professional directors having extensive and understanding of the trade and customer's needs across the world. Today, the company is accredited with ISO 9001:2008, EEPC, NSIC, Indian Boiler Regulation 1950 (IBR), ISO 4064 and ISI certification.

With the state of art manufacturing facility, presently we have manufacturing forging capacity over 500 MT per month, in-house designing and testing facility and are also in process of adding more lines. We are currently exporting our products to over 15 countries worldwide and our production line conforms to the following standard.....

'**B&M**' Drop Forged Fittings are conforming to IS:1239 (Part - II), IS 4712; 1984 and ASME B16.11-2009. These fittings are usually made from Steel with accordance to IS:1894:1972, ASTM-A-105 & S.S. 304 respectively and are tested for leakage at an internal hydraulic pressure of up to 1000 Lbs, 3000 Lbs, & 6000 Lbs. These are available in Socket Weld and Screwed/ Threaded forms. All fittings are manufactured with thread connection IS: 554:1985, N.P.T thread and BSPT thread. (as per customer requirement). Our fittings are suitable for Fire Fighting, HAVC, Oil & Gas Industries, Petrochemicals, High Pressure Lines, Railways, Shipping, Steel Plants, Boilers, Steam, Chemicals and other industrial purposes.

'**B&M**' Drop Forged Flanges are conforming to ASME B16.15-2009 having range Weld Neck, Screwed/ Threaded, Lap Joint, Blind, Slip On and Socket Weld are available in 15 MM to 300 MM with Class 150 and Class 300. Steel usually we used for the manufacturing of Flanges is ASTM-A-105.

'**Kranti**' Water Meters are Woltman Type (Removable Mechanism) with Magnetic Drive, Flange end and hermetically sealed as per Class B of ISO : 4064 & ISI Marked SPIRAL Water Meters (Bulk Enclosed Type IS:2373) and are available from 50mm to 900 mm. We are also manufacturing 'T' type Strainer (Dirt Box).

Our Flow Meters are Flame proof IP 65/ IP 66, CMRI certified IIA IIB having range Electromagnetic Flow Meters, Turbine Flow Meters, Battery Operated Flow Meters, Oil Flow Meter. Our meters are recommended for Water, Refineries, Petro Chemicals, Sugar Mills, Textile Mills, Paper Mill, ETP plant, Milk Plant, Diesel, Vegetable Oils and other commercial and industrial applications.

Our products are widely marketed and have won wild praise from all over for its achievements & contribution towards developments because we never compromise with the quality. Our Vision is to achieve number one position in Indian as well as in global market and we believe this is achievable by proactive thinking, accurate planning and relentless pursuit of excellence with customer's needs.
