

Welcome to Urjex Boilers Pvt. Ltd.

We, **Urjex Boilers Pvt. Ltd.** are a renowned manufacturer & exporter specializing in **Boilers, Industrial Boilers, Thermic Fluid Heaters, Hot Air Generators , Pressure Vessels** and accessories. Our offered range is acclaimed for high performance, low maintenance, excellent durability and robust designs.

Introduction(overview):-

With 3 decade expertise in **BOILER** manufacturing **URJEX BOILERS** have gained a trust worthy position of manufacturer, exporter and supplier in all over India. Since their incorporation they have developed a customer base not only spread all over the country but have exported Boilers to countries like **South America, Russia, Africa, Guyana, Ethiopia, China, Australia** and **Bangladesh**.

They produce **Steam Boilers, Thermic Fluid Heaters, Hot Water Boilers, Hot Air Generators** fabricated out of high quality raw materials and conform to I.B.R. and A.S.M.E. Standards (Mode of firing decided by Customers).

The Company is headed by **Mr. M.P. Rai** duly supported by his worthy son **Mr. Urjesh Rai**. Leading a team of qualified Engineers, dedicated technicians and management professionals he has been able to steer the company through Competitive environment to a place where **COST, QUALITY AND DELIVERY** are given utmost attention keeping the esteemed customers always in view.

Consequently, a wide range of products, highly durable, sturdy and longer lasting is offered to buyers.

We Offer

We manufacture, export and supply a comprehensive range of highly durable and world class products that match to international standard quality norms. All the items provided by us are sturdy in construction and give long lasting performance. They are designed and developed by experts, who wisely utilize the qualitative raw material to bring the best to customers.

We offer the following services:

- We are backed by more than 3 decades of experience.
- We are being supported by a team of adept and hardworking professionals
- Our infrastructure spreads over an area of 3000 Sq. Mt. and has all latest machinery and equipments
- We also have state-of-the-art quality testing and logistics unit
- Our warehouse is fully equipped with latest storage and packaging facilities
- Further, it's well connected to roadways, railways and airways for ensuring hassle free delivery at the clients' end
- Our boilers and other products are of International quality standards and offered to clients at really moderate costs
- We have been able to gain the trust of our clients in South America, Russia, Africa, Guyana, Ethiopia, Australia and Bangladesh

Company profile:-

We are a reputed Manufacturer, Exporter and Supplier of high quality **IBR & Non IBR Steam Boilers, Thermic Fluid Heaters, Hot Air Generator, Coal Boilers, Hot Water Boiler, Waste Heat Recovery Boilers** and many more. The entire range is manufactured using the best raw material, available in the market and are stringently checked before their delivery to the customer's end. Further, we have a team of experienced professionals, who carry all their responsibilities as per the varying requirements of our clients. Their sheer dedication towards achieving full client satisfaction has enabled us to earn a huge base of reputed clients

IBR Steam Boiler

- Briquette Fired Steam Boiler
- CNG Fired Steam Boiler
- Coal Fired Steam Boiler
- Furnace Oil Fired Steam Boiler
- High Speed Diesel Oil Fired Steam Boiler
- Light Diesel Oil Fired Steam Boiler
- LPG Fired Steam Boiler
- Three Pass Steam Boiler
- Wood Fired Steam Boiler

Non IBR Steam Boiler

- Water Tube Boiler
- Cross Tube Steam Boiler
- Vertical Smoke Tube Boiler
- Baby Boiler
- Coil Type Non IBR Boiler
- Automatic Steam Generator

Thermic Fluid Heater

- Oil Fired Thermic Fluid Heater
- Coal Fired Thermic Fluid Heater
- Wood Fired Thermic Fluid Heater
- Gas Fired Thermic Fluid Heater
- Multi Fuel Thermic Fluid Heater

- [BI Drum Type Thermic Fluid Heater](#)
- [Four Pass Solid Fuel Fired Thermic Fluid Heater](#)
- [Three pass Thermic Fluid Heater](#)
- [Electric Thermic Fluid Heater](#)

Hot water Boiler

- [Oil, HSD & FO Fired Hot Water Boiler](#)
- [Gas Fired Hot Water Boiler](#)
- [Coal Fired Hot Water Boiler](#)
- [Wood Fired Hot Water Boiler](#)
- [Vertical Tube Hot Water Boiler](#)
- [Immersion Heater Type Hot Water Boiler](#)
- [Hot Water Boiler For Hotel](#)

Hot Air Generator

- [High Speed Diesel Oil Fired Hot Air Generator](#)
- [Light Diesel Oil Fired Hot Air Generator](#)
- [Fuel Oil Fired Hot Air Generator \(FO Fired\)](#)
- [Wood Fired Hot Air Generator](#)
- [Gas Fired Hot Air Generator](#)

Large Industrial Boiler

- [Fluidized Bed Combustion \(FBC\) Steam Boiler](#)
- [Husk Fired Steam Boiler](#)
- [Pet Coke Fired Steam Boiler](#)
- [Sawdust Fired Steam Boiler](#)
- [Multi Fuel Industrial Steam Boiler](#)
- [External Furnace Steam Boiler](#)
- [Baggasse Fired Steam Boiler](#)
- [Waste Heat Recovery Boiler](#)

Small Industrial Boiler

- [Fully Automatic Steam Boiler](#)
- [Horizontal Fire Tube Boiler](#)
- [Vertical Fire Tube Boiler](#)
- [Electric Steam Boiler](#)
- [Agro Waste Fired Steam Boiler](#)

Wet Back Boiler

- [Fully Wet Back Boiler](#)
- [Three Pass Fully wet Back Boiler](#)
- [Semi Wet back Boiler](#)
- [Horizontal Wet Back Coal Steam Boiler](#)
- [Dry back Boiler](#)

Industrial Kettle

- Chemical Kettle
- Steam Jacketed Kettle

Other Products

- Wet Scrubber
- Dust Collector
- Chemical Industrial Reactors
- Water Softeners Plant
- Centrifugal Machine
- Mobery Level Controller
- Oil & gas Burner
- Pressure Reducing Station
- Heat Recovery Unit
- Steam Distribution Header
- Boiler Feed Pump
- SS Boiler Nozzle
- CI Boiler Nozzle

Quality Assurance

We are a quality oriented organization and thus lay our emphasis the quality maintenance of products at all stages of manufacturing. Right from procuring the raw material to fine-finished products, our team of experts make hard efforts towards quality maintenance. Each piece is precision designed with graded raw material, which is tested on various industry standard parameters. To further assess the quality level, our team of quality analysts test fine-finished products.

Robust Infrastructure

Spreading over an area of 3000 Sq. Mt. out of which 2000 Sq. Ms. covers shop area, our robust infrastructure is backed by all sophisticated machines and equipment that are required in manufacturing process. Our manufacturing machines and equipment are superb in performance and require minimum maintenance. They are efficient enough to manufacture even large quantities within the shortest period of time without effecting the quality. With the assistance of our latest infrastructure, we fabricate Industrial Pressure Vessel, Industrial Tanks, etc. in the minimum lead time.

Our Vision & Mission

Our company is holding immense expertise in offering IBR Steam Boilers, Pressure Vessels, Industrial Tank, Incinerators, Heat Exchangers, Hot Air Generators, and more. We are known as one of the leading manufacturers and exporters committed to offer beat quality. Therefore, all our products are manufactured in sync with the set industry norms as well as standards. We are envisioned to become largest global player in this domain.

Our Mission:

- Deliver value added solutions

- Achieve optimum customer satisfaction
- Continuous innovation and improvisation
- Expert Team

The company is backed by a team of highly qualified and dedicated professionals. They have been serving the organization since years, and striving to achieve set goals as well as targets with determination. Owing to our hard working team members, we have been able to scale to great heights of success in the market. We have employed industry's best personnel who support us in meeting challenging demands of the buyers with precision. Furthermore, we provide a safe and harmonious work environment to the employees. It further leads to better performances and increased productivity.

Our team members include:

- Engineers
- Quality auditors
- Procurement agents
- Technocrats
- Sales and marketing executives
- R&D experts
- Clientele

Over the past years, we have been able to create a niche in the competitive market by offering the best quality products to customers. In the present competitive market, our manufactured products have higher demand. They are used by a number of leading clients operating in various industries such as Rubber Industry, Chemical Industry, Dairy Industry, IBR Industry, Food Industry, Dyeing Industry, and Slaughter Industry.

Company USP

- State of the art infrastructural facility
- Focus on continuous product innovation
- Passion for better performance and quality
- Team of qualified and skilled professionals
- Well established R&D facility
- Stringent quality policies
- Timely delivery of consignment
