About Arntzen Corporation

Arntzen Corporation was founded in 1954 by Edward Arntzen. Today it is still operated by the 2nd & 3rd generation Arntzen family.

Arntzen Corporation manufactures large diameter rolled and welded steel casing pipe with mills in Rockford and Woodstock, Illinois used by underground contractors for road boring, pipe ramming, auger boring, caissons, and drilled shafts. Other uses related to trenchless construction are directional drilling, micro-tunneling and air shafts.

Serving distributors and underground contractors involved in trenchless and open-cut construction in an array of industries.
