

THE COMPANY

The first unit of the group was established in 1971 by the visionary Late S. Gurdev Singh Matharoo (the founder of the group) for the **manufacture** of complete plant & machinery suitable to produce Tin Containers, Drums, Barrels, etc. The quality of the products being manufactured by this unit were well accepted by the markets and the business of the unit was progressing steadily since then and have added new product like Silencer Muffler **Manufacturing Plant** in 1978 by upgrading all the machinery into semi-automatic hydraulic pneumatic machines, resulting approval from **TATA, MARUTI-SUZUKI, FORD, EICHER, HINDUSTAN, MAHNINDRA & MAHINDRA, G.M.** etc. as their O.E.M. With the constant R&D and the adoption of latest technologies by adding precision machineries and testing equipments in the manufacturing line up, the group was able to add numerous engineering products into its production port-folio and now the group is offering over 1500 different engineering products of international standards to its domestic and overseas customers.

The steady enhancement in performance, capacity expansion and machinery modernization coupled with the entry of new generation team into the management fold, leads to the debut of **M.B. Exports Limited** in 1998. During 2003, M.B. EXPORTS LIMITED, received ISO9001-2000 certification from DLIQ for the manufacture of **dewatering** system viz. Pipe Fittings and Hose **couplings** ranging from 2" to 12" for four different types of couplings. The group also started manufacturing of Construction Handling Equipments like Pipe Stands, Anchor Plats, Biz etc. during this period. We pursue continuously on high precision, quality, flexibility, reliability and customization. The success of our group lies in our vision "multi disciplinary working environments, ultra-modern manufacturing facilities, innovation, stringent quality control systems as per ISO parameters, pollution free environment & Customer satisfaction". M.B. EXPORTS LIMITED received recognition from the GOVERNMENT OF INDIA as a 'ONE STAR EXPORT HOUSE' in April 2006.

During 2008, M.B. Exports Limited, started producing Vacuum Piston Pumps in collaboration with M/s Apex Emirates General Trading, U.A.E. to strengthen the business of **Dewatering Coupling** systems. The group has also set up two new units; one for manufacture of Tractor attachments, like Rotary Tillers & Trolleys; and the other for Lay Flat PVC Pipes to render tailor made products to meet the global market needs. Presently, the group is producing the following products in different sizes, quality and designs :-

DEWATERING SYSTEM

Galvanized Discharge Pipes – Header Pipes – HDPE Pipes – PVC Pipes - PVC Lay Flat Hose – Suction Hose – Rubber Suction Hose - Couplings (Male & Female), Flanges – Elbows – Joints – Rubber Rings – Clamp Bolts – King Nipples – Gate Valves – PVC Disposable Well Point – PVC Well Point Sleeves- Vacuum Piston Pumps – General Purpose Pumps.

MATERIAL LIFTING & HANDLING EQUIPMENTS

Sack Folding Trolleys – Oil Drainer Trolleys – Beam Trolleys – Medical Trolleys – Wheel Barrow Trolleys – LPG Cylinder Trolleys and another 200 different Trolleys for various purposes.

PIPE HANDLING SOLUTIONS

Fixed Tri Stand – Folding Tri Stand – Max Jax – Adjust-a-Roller – Steel Wheel Head – Nylon Wheel Head – Ball Transfer Head – S.S. Plate Head – Bar Transfer Head – Roller Head.

CONSTRUCTION EQUIPMENTS

Anchor Plate – Biz – Bearing Plate.

After these three decades' long nonpareil performance, the group is still driven to develop more products for de-watering, construction and material management industries and will keep this consecration on with the motive to ensure total customer satisfaction through our high quality products.
