

Company Profile

Marck & Care Engineers Ltd. was established in the year 1999. The company is engaged in manufacturing, exporting and supplying a wide variety of products that includes Industrial Valves, Automotive Strainers, Sight Glasses, etc. The company is situated in Delhi, India; and is working under the Managing Director **Mr. M.umed**. His excellent guidance skills and rich industry knowledge have helped us cater the needs of the clients in a proficient manner.

Infrastructure

Sound manufacturing unit is the backbone of our company. Our manufacturing unit is updated with the latest technology and is outfitted with modern tools and machines that make us capable of manufacturing high quality products. With the help of our top-notch manufacturing facilities, we are able to meet the clients' bulk requirements within the stipulated time.

Team

We have appointed diligent team of engineers, which performs all the tasks efficiently, right from procurement of raw material till the dispatch of final products. Our team is well-versed with the latest working methods and works their best to make highly efficient range of Industrial Valves.

Quality

We are a firm believer of the fact that quality of the products determines the fate of the company. And, abiding by this philosophy, we ensure that the complete product range is manufactured using high grade raw material and is further quality tested on various parameters.
