

About us

PNEU HYDRO INDUSTRIES was founded in the year 1995 in Andhra Pradesh, India. The company is Manufacturer and Exporter of high grade Hydraulic Products. All the affairs are managed under the guidance of **Mr. CH.RAJARAM**, owner. It is under his headship, we have been scaling newer heights in the market. Here are the few highlights of the company that depicts our growth in the market.

Manufacturing Unit :

Sprawling over a vast area, our manufacturing unit is equipped with all kinds of machinery required for the production like Turning machines, Milling Machine, Surface Grinding Machine, and many more. Due to the same, we can produce the products in bulk qualities and meet the immediate requirements of the clients.

Quality Assurance :

We maintain a stringent quality policy that involves systematic monitoring of every process like production, packaging, and distribution. We test our products on the parameters of durability, cycle, static, load, etc. Also, we have a huge R&D set up through which we regularly upgrade our products as per latest market trends.

Clientele :

We have garnered a rich clientele all over the global due to our customer centric approach. Here are the few prestigious names of our clients whom we serve efficiently :
