

About Us

SMB Hydraulics & Pneumatics was established in the city of Chennai, Tamil Nadu. Under the headship of **Mr. M. Mufadal & Mrs. M. Alafiya**, today we have relentlessly pioneered the domain of supplying a wide range of quality Hose Fittings and Assemblies and thereby establishing ourselves as one of the renowned Camlock Couplings Manufacturer, Exporter & Supplier.

Quality Assurance

Since total customer satisfaction is the primary objective of our company, we focus on providing an intensive quality check program. Our excellent Quality Control System performs a step-by-step process of stage wise inspection, development, random testing as well as sampling before the final dispatch.

Team

Our expert team of professionals consists of trained sales and marketing personnel who are well-acquainted with the product. Our professionals conduct an extensive market survey in order to meet the changing needs of our clients and serve them accordingly. Through this, we wish to achieve the singular goal of providing complete product satisfaction to our customers.

Industries We Cater

Our products are catered to varied chemical industries, refineries, lubrication systems, automotive industries, steel plant, power plant, steam, hot water pneumatic services, nuclear installations, vacuum systems, fertilizer industries, pharmaceutical industries, boilers, ports and ship yards, defense & railways.
