

COMPANY PROFILE

The parent company, Suguna Industries was established in the year 1958 under the leadership of Sri.G.Ramaswamy the Founder and Chairman of the Suguna Group of Industries. With his experience and leadership, the company has grown leaps and bounds and has created a name for itself as a leader in the electric Motor and Pump Industry in India.

More than six decades of trust, Suguna pumps and motors, today is a global leader in manufacturing pumps and motors for domestic, industrial and agriculture needs, The trusted Suguna Pumps name can be found on a full range of pump products. Suguna Pumps is a global leader in producing pumps for the industrial sector, and a major player in the water technologies market, producing the world's leading line of residential water well pumps. The Suguna Pumps' product portfolio includes Submersible pumps, Jet pumps, Sewage and Centrifugal pumps, as well as double suction, multi-stage, slurry and process pumps.

Products are manufactured in India, with facilities in Coimbatore and foundries in three locations. An advanced R&D facility in Coimbatore keeps Suguna Pumps on the leading edge of pump-related technology

- We manufacture the entire range of motors & pumps from our factories. The product range includes
- "SUGUNA" Electric Motors both Single Phase & Three Phase in 720 RPM, 960, 1420, 1440, 2850, 2880 RPM from 1/5 HP upto 50 HP. (Flange type motors are also available)
- "SUGUNA" Single Phase Domestic Pumps, Self-Priming Pumps, High Speed Centrifugal Pumps, Jet Pumps, Mini mono-blocs
- "SUGUNA" Agriculture Mono-bloc, Open-well Submersible Vertical & Horizontal and Single Phase (Three Phase). (Single Phase Open-well Submersible Pumps are also available)
- "SUGUNA" Bore-well Submersible Pumps 4", 6" & 8" in both Single Phase and Three Phase to lift water from 1500 feet suction
- "SUGUNA" Bore-well Compressors, Air Compressors, Piston Pumps, Mono-bloc Compressors, High Pressure Washing Pumps for Two wheeler / Three Wheeler / Car Washers

(High Pressure Air operated lubrication pumps and Hand operated lubricating pumps are also available)

- Grinder Motors in Aluminum & C.I body
- Self priming Pumps for boiler feeders and high head applications
- Coupled Pumps in 1440 RPM, 1500 RPM. Coupled with oil engines & electric motors
- We are marketing SUGUNA brand Diesel Engines, Generators and Electrical Starters
- Suguna Charitable Trust is a Corporate Social Endeavor of the Suguna Group of Industries. Suguna Pumps and Motors have a leadership position in the motors and pumps industry and enjoy a strong customer loyalty.
- Ever since its inception under the stewardship of **Late Shri G Ramaswamy**, its visionary chairman, the group has shown remarkable growth and recognition. At a time when

electric motors were imported from UK and Germany, he founded Suguna industries at Coimbatore in 1958 to manufacture electric motors. Today the well-diversified group, headed by its Managing Director **Shri V. Lakshminarayanan** has innovative interests in Motors and Pumps, Machined components, pneumatic compressors, Foundry and Textiles.

- The Suguna Charitable Trust formed in 1973, has several projects in the field of education and health care, adding laurels to the group's accomplishments.
- The activities of the Trust also include a free medical center, a dental clinic it operates a multipurpose auditorium Suguna Kalyana Mandapam that cater to the needs of the community.
