

## About Us

SAC Engine Components Private Limited formerly known as ♦Southern Auto Castings Pvt.

Ltd. ♦ was started in the year 1986 to manufacture Diesel & Gasoline Engine Components such as **Camshafts, Balancer Shafts, Valve Tappets and Rocker Levers** from Chilled Grey Cast Iron, Chilled Ductile Iron, Ductile Iron and Hardenable Iron and Steel Bar / Forgings.

SAC started its manufacturing activities with the Foundry and later on added machine features to supply Semi & Fully Machined Components of Camshafts & Tappets as required by the Customers.

In the last two & half decades, SAC has grown into leaps and bounds and has attained the inevitable name in the ♦Power Train Components♦ Industry with ♦SAC♦ as its brand image making its presence all over the world.
