

About Us

From its humble beginnings in the year 1985 in southern part of India, SSMI has been continuously engaged in improving its processes and Value addition at every step on the products it dealt with. This has led to the formation of 3 major business verticals as below

Aluminium Alloy Division – For manufacture of Aluminium alloys including Master alloys, De-oxidants etc.

Auto Component Division – For manufacture of Sheet metal press parts / Sub Assemblies

Trading Division – Engaged in Steel, Aluminium trading

All our manufacturing divisions are ISO 9001 – 2008 certified, with plans to go for TS16949 in immediate future. The manufacturing divisions are logistically well connected by Road, Sea & Air .

At SSMI, we believe in perfect synchronisation between Men & Machinery, which is why along with modernisation, we have a team of around 450 employees contributing to a turnover of US\$ 40 Mn.

We have installed a comprehensive and effective Fume extraction system as per the PCB norms at all our manufacturing facilities to safeguard our environment.
