

ABOUT US

WE ARE VIKRANT COMP TECH SYSTEM

Vikrant Comp Tech System was established in the year 2007 with the chief intent to cater different industrial sectors through our quality products and timely services. We are an ISO 9001 : 2008 Certified Company and a quality concerned organization. We have gained specialism in the products like Shell & Tube Heat Exchangers, Air Cooled Heat Exchangers, Finned Tube Heat Exchangers, Plate Heat Exchangers, Pressure Vessels, Oil Coolers, Tube Bundles, After coolers, Intercoolers, Dx & Ammonia Condensers & Chillers, Steam Condensers & Steam Heaters, Air Pre Heaters & Oil Pre Heaters, Tank & Coils, Industrial Valves, Compressor parts and many more.

We have carved a niche as one of the leading Heat Exchanger Manufacturers and Suppliers from India. With his strong headship, sharp insight and vast industrial experience, **Mr. Jagdish R. Lamoria**, the CEO of company, has contributed vastly to the growth of the company.

OUR CUSTOMER CENTRIC APPROACH

We are a customer centric organization and aim to render complete satisfaction of customers. We provide quality products, affordable prices and time bound services that have helped us in winning the confidence of the clients. We have also generated positive feedback from our clients for our installation and operational services, due to which we have gathered huge clientele all across the globe.
